

THE END MY FRIENDS 230724

Life at 75
Carries the burdens
of many things
events and issues

I have the reality
of creeping decrepitude
as my body container vehicle
unavoidably wears down

But I can
still exercise
weights bicycle
and yoga
which has taken
a lifetime to
understand
its youth
prolongation

My mind is clear
memories are sharp and clear
I keep pushing
ahead in my
art poetry
politics religion
which has morphed into
spirituality
and my WorldPeace Advocacy

The world
is coming apart
at the seams
right wing governments
ascending
which is reducing

the level of peace
in the world human society

Predatory capitalism
is polluting and burning down
the Garden of Eden

The global mindset
is a denial of the
worse-case scenario
heat has begun
to destroy roads
and buildings are cracking
the oceans

becoming too hot for life
with predator nations
fishing out the seas

The temperatures
around the equatorial belt
globally are increasing

The world human society
thought the temperature
would rise slowly
not reach a tipping point
overnight baking

The power grids
are not going to be
able to keep up
the seniors will

stop eating in order to
buy electricity
then die anyway

The starvation
of a billion humans
coming soon
starting with
the poorest nations
~ no food
no unpolluted water

I chose to be born
at this time
I accepted
the increasing chaos in these times
I wanted a
front row seat
I wanted to participate
in decreasing the insanity
and increasing the
level of peace
in the world human society

I have no peers
I am an outlying
outlier

The world human society
is unsustainable
the full-on crash and burn
is coming
due to apathy
and the stupid
ignorant belief
that any nation
or group of nations
can isolate themselves

from the integrated global
warming much less
the global economics

This end of times
is not a God event of
judgment

It is a hateful
predatory mindset
deeply embedded
in the human DNA

There are solutions
everything can be
turned around
but not at
the present level
of human intolerance
for others

This is not a
God event
not a judgment
from above

It is a global predatory
society on steroids
turned suicidal

Our children
and grandchildren's'
legacy of a
Garden of Eden
has been taken away
from them

There is a path

to sanity and
survival

Capitalism will collapse
as it requires an increasing
population of consumers
~ that is reversing
and will continue

Greed is about
to collapse
the population
and the lack of
population
will collapse the
global
economic model

I am just the “Fool on the Hill”
not a messiah
not a savior
not a billion dollar Jesus video show

The message is
we must move to
a more sane and just
democratic non-predatory
world human society
or vanish

This will be
our first global
collapse of the first truly
global world human society

Let no parent say
they love their children
as they continue to burn down

the Garden of Eden
with prejudice and apathy
