IN THE NEWS: China's Xi hosts Abbas, vows support for Palestinian state on 1967 borders Xi used the word 'Palestine' as he welcomed Mahmoud Abbas on a visit that follows Beijing's offer to mediate peace talks between Israel and the Palestinians. FRIENDS I have been saying &

Now I am repeating that in the next USA Administration that there will be a one state solution between Israel and Palestine. The Jews just keep pushing God with their extremism even after the Romans razed Jerusalem to the ground in 72AD, God gave the Temple Mount

to the Muslims in 600 AD and God let the Nazi's exterminate 6 million of them in 1945. Now the Zionist have repeated the story of the brothers Cain and Abel. Zionist are Cain and Palestinian Muslims are Abel. Cain killed Abel and God asked Cain where Abel was and Cain said

he was not his brother's keeper. Then God cursed Cain. Well the Zionist have spent the last 70 years killing the Palestinians, forcing them into 53 refugee camps in the Middle East and created their concentration camp for Palestinians in Gaza. I tell you

that the 2024 American president elections are going to be the end of Zion as the UN and the US turn Zion and Palestine into a one state solution. The UN human rights declaration guarantees citizenship in a nation for every human being. But they have denied

that to the Palestinians for 70+ years with the US backing Zion. Well now China is inserting themselves into the Zion-Palestinian conversation. That is a huge move to cut the legs off the USA. Zion has always been a bad bet. Like I said above, the Romans, the Muslims, the Nazis.

IN THE NEWS: Scientists say first synthetic human 'embryo' created Research says embryo-like structures will lack organs such as a beating heart or a brain, but include cells that would typically go on to form the placenta, yolk sac and the embryo itself. FRIENDS the ETs

have been creating hybrids ever since they made Adam and Eve. Now like the Atomic bomb, the ETs are giving their bio-technology to not just create hybrids but to create from the ground up human clones. All they will have to do soon to these clone embryos is to add the DNA

I am wonder what the Fundamentalist, Baptist, Evangelical are going to have to say about this. How are they going to contort their Christian Nationalism to make a place for the true test tube babies with no distinguishable real human father or mother. It is a Brave New World

IN THE NEWS: Oath Keepers attorney is found incompetent to stand trial in Jan. 6 case A volunteer for Lawyers for Trump, Kellye SoRelle became Oath Keepers leader Stewart Rhodes's girlfriend and a key

post-2020 election contact with 'Stop the Steal' groups FRIENDS LMAO

Now we have the professional doctors saying this Kelly SoRelle is so much of an air head that she cannot stand trial. Yes that is right. The first Jan 6 traitor has been legally and medically certified as an off the rails nut case. FRIENDS you cannot make this stuff up.

IN THE NEWS: Former Republicans and Democrats form new third U.S. political party FRIENDS this Third Party thing is an American fantasy that is doomed. We now have two of them. NO LABELS & FORWARD. They do not have a dogs chance in purgatory. But there is a new concept of

political revolution. This is how it works. Americans come together with a Vice President party. and this party will be focused on gathering support for a VP candidate. I would offer myself as an example, Dr John WorldPeace JD the write in candidate for President 2024.

Now what will happen is that there will be enough votes in this VP party to become a king maker in 2024. They would hold the key to which party takes the White House by which party takes on the Maverick VP of this VP Party. But as to another traditional 3rd party - save your \$\$\$\$

IN THE NEWS: UN chief tells Israel to halt 'illegal settlements' in Palestine FRIENDS the postage stamp nation of Zionists have been an apartheid state since their founding and sadly supported by the USA. I can assure you in the next USA administration after the

November 2024 elections your are going to see the USA flip away from supporting Zionism and 100% behind the one state solution which the USA will impose. Without the USA the Jews would have no nation. The Zionist are not going to give up their settlements short of the

UN blowing up their settlements so a one state solution will be the only settlement for Palestine and Israel. We have seen the liberal Jews make Netanyahu stand down from his fascist court manipulation. There is hope for democracy in Israel.

There is going to be another global holiday celebrating Trump and Netanyahu going to jail in the next few years. Maybe they can be cell mates in Guantanamo in the American Black Ops Prison there. FRIENDS know this: There is a God.

IN THE NEWS: Police department in Georgia apologizes over image of Black man used for target practice FRIENDS this makes me laugh in the face of all the DEI, CRT, Woke Whites in the USA. I was born and raised in Houston, Texas and I have a political science degree and

a law degree and I am well studied in the Civil War and Nazi Germany and DEI, CRT and Woke are all absolutely true and per this article you can see an example of all of them all over American, & in the

Evangelical, Baptist, fundamental Christian Nationalism churches.

The Whites refuse to account for their anti-Jesus anti American abuse not only of the Blacks and slavery and the KKK but also of the extinction of the Native Americans at the hands of some Black Buffalo soldiers riding with the Whites. Yes DEI, CRT & Woke all so very true.

I have a book on Amazon. RAW WHITE RACISM. Buy it, read it, distribute it. Not to worry, the true God is about to show His wrath real soon. Texas is burning up and floods are dealing with Florida and their racist governors the cripple Abbott in Texas and the 5 foot tall DeSantis.

IN THE NEWS: Israeli settlers desecrate Quran and vandalise mosque, video shows The same masked men also set fire to a school and attempted to set fire to homes and mosque as well, news reports say: FRIENDS this is what you call Zionist anti-Semitism. The FIRST BORN son of

Abraham was Ismael. The Jews and Palestinians are both Semitic people. The Jews want the whole world to feel sorry for them due to what they call anti-Semitism. When the truth is that the Zionist are the most radical anti-Semites on the planet. They are an apartheid state with

a concentration camp in Gaza for Palestinians, they have since WWII ethnically cleansed Palestinians from Palestine and still are with 4500 new settlement homes authorized by the Zionist last week. There are 53 Palestinian refugee camps in the Middle East due to the Zionist

ethnic cleansing. All Jews anywhere in the world have the right of return to Israel but Israeli Palestinians have no right of return. Well let me tell you this. In the next US presidential administration you are going to see the US turn on Zion and force a one state solution.

THE NEWS: Mississippi Closed State Offices For Confederate Holiday, But Not Juneteenth  
FRIENDS here is some more CRT, Woke, DEI verification. Like I said above I was raised in the South in racist Houston but the racism against Blacks when I was in the Army 70-72 was not excelled to that of the Mississippi boys. In Houston my high school buddies talked about going N..knocking on Friday night and KKK rallies but the Mississippi boys were I am sure out doing much worse. Oh yes CRT, Woke, DEI are alive and well and like I say widely supported by the White racist Evangelical, Baptist, Fundamentalist Christians & their new mantra "Christian Nationalism". When asked about Caesar, Jesus said give to Caesar what is Caesars meaning Jesus was non political. WHITE FAKE CHRISTIANS - Hell Bound
