With the Republicans disenfranchising Democratic Black voters, there is only one way to remove Republican voters to more than compensate for the loss of Democratic voters in the U S Senate and House of Representatives in 2022.

That is to drive a wedge between Trump and his Republican racist base of Fundamentalist, Evangelical, Baptist voters. This is a voter base far larger than the Black voters.

What has to be done is to Brand Trump as anti-Jesus, anti-Christ which he is. Blacks are a greater percentage of Baptist than Evangelical and Fundamentalist Christians.

Now there are two primary ways to do this: 1) Point out that by the words of his own mouth, Trump's agenda is an anti-Christ agenda and 2) Get rid of Abortion as a legislation issue. If abortion is not a legislation issue, Trump cannot draw voters by promoting an anti-abortion platform.

Before I go forward, the foundational common denominator attraction of Donald Trump is his White Racism. He is the last GREAT WHITE HOPE of white Americans most rabidly by White Baby Boomers.

Within 10 years most of these Baby Boomers will be dead or used up physically or brain dead. So we are only talking about Trump as President in 2024 and with that wet dream of White racists, the White racists are a threat to Democrats in 2022.

Now you may not believe this but I am a White Baby Boomer born, raised and lived in Houston, Texas, and I know about racism. I have written a book "Raw White Racism" (for sale on Amazon.com) https://www.amazon.com/s?k=dr+john+worldpeace+jd+raw+white+racism&i=stripbooks&crd=OAV82H0MBUG8&sprefix=DR+JOHN+WORLDPEACE+JD+%2Cstripbooks%2C113&ref=nb_sb_ss_ts-doa-p_1_22

that is based on my personal experiences with White racists and Blacks. Bigotry is not floating around in open conversations but I can assure you that it is very much alive with the White baby boomers. Because I am a White male baby boomer, I can walk up to any group of White males, racists or otherwise and not be challenged. If challenged, my southern birth, my law degree, my service as an Army veteran, my Christian orientation, and even my time spent as a Mason overcomes all challenges.

The point is, I can validate that nothing has changed from the 60's with regards to White Racism that is now behind closed doors.

By the time King stood out and took over the Civil Rights movement, those of my age already had 20+ years of Southern racist indoctrination. It saturated everything.

THE GREAT FEAR AMONG WHITES IS BEING A MINORITY IN "THEIR" AMERICA

Now with regards to Trump and his Republican base of Baptist, Evangelical, and Fundamental Christians is this.

Jesus is the most liberal human who every lived. His message is "Love one Another. Do unto others as you would have done to you. Do not judge others. Turn the other cheek. Help the poor. Heal the sick. support the weak and downtrodden."

Presently in America Trump Republicans do not connect Jesus as an ultra left radical liberal. Their preachers do not remind them of this fact. Why? It is very simple.

Trump does not talk about White racism. No one who wants to get elected to anything can publically announce they are White racist. As in "If you are White All Right. Brown hang around. Black get back." Whites understand Trump is pro White supremacy.

What Trump does is to attack the liberals, the radical left who are destroying America. How are they destroying America? They the Democrats are taking money from the rich and giving it to the poor in order to uplift the bottom of the social pyramid.

The rich do not want to uplift the poor. All that would mean is that taxes have to be levied on the rich to write the checks to uplift the poor. And for what. The more you uplift them the more trouble they cause. The rich have worked long and hard promoting capitalism and selling on credit, which is economic enslavement. You put so much debt on the poor they have to work all the time to maintain their credit so they can buy more. Capitalism is very predatory with its economic enslavement of the ignorant due to their lack of education with regards to basic family economics and their economic value

in the work force, keeps them enslaved to the banks which are owned by the rich. The interest on their debt flows up to the rich who get richer as the poor stay poor.

Educated Democrats create a lot of problems for the rich. The God of the rich is money. Trump talks about it all the time. His only metric is more money.

So Trump's outspoken mantra is that the radical left want to uplift the bottom of the social pyramid and create chaos and dissatisfaction among those on the bottom of the social pyramid.

Now here is the dagger to the throat of Trump's "radical left" message

Christians by their witnessing that they are saved by Jesus, and their adoption of the Jesus message to help the disenfranchised bottom of the world human society's social pyramid, now are trapped between the message of the Great White Hope, Trump: of screw the radical left as hard as you can and the message of the radical leftist Jesus to constantly reach out to those at the bottom of the social pyramid and uplift their lives.

Bottom line: You cannot serve Jesus and Trump. You cannot serve God and money.

The fact that Trump constantly curses the radical left is an anti-Jesus, anti-saved Christians message. Trump's radical left mantra is a cursing of Jesus message.

Jesus said, "A house divided cannot stand." The message of Trump is "screw the radical left" (without saying screw Jesus and his Good Samaritan BS.) But that is the Trump message. Trump scream out in every breath "screw the radical left" while under his breath says "screw Jesus his stupid Christian radical left followers".

The Trump and Republican God is money. Their only metric is money. Mo Money. Mo Money. Mo money.

The way to break the Baptist, Evangelical, and Fundamental Christians away from Trump is the Mantra in every media in America, "Jesus is a Radical Liberal and I believe in Jesus."

What then Trump? He cannot fall back on open White Racism messaging. Now he cannot attack the radical left without cursing Jesus. What message does he have left???

Well there is one more impactful but lesser message of Trump that ropes in the Baptist, Evangelical, Fundamental Christians: Abortion.

Now there are three false flags in the Anti-Abortion message. 1) You can kill a finite mortal body, you can terminate a fetus, but you cannot kill the infinite immortal God made soul that animates that fetus and the dust body if the fetus is born. No matter how many humans you kill in war. No matter how many criminals you execute, No matter how many fetuses you abort, you cannot not kill the God made soul which inhabits the dust body of every one of them.

2) When these righteous Christians refuse to allow abortions, they have always refused to take ownership of adopting or supporting those unwanted fetuses. Their intent is "No way in hell we

Christians are going to sign off for welfare and entitlements for these unwanted babies we demanded be born.”

Here is how Christians cure the anti-abortion legislation. They insist that any anti-abortion legislation have a financing attachment to support that unwanted child with food and clothes and medical care and a college education.

And here is where the government can get the money. The state governments quit giving tax exemptions to church property and takes that money to finance the welfare of the children that the Christians demanded to be born and send it off to Washington to be distributed as soon as the fetus becomes a living child.

With this scenario, the anti-abortion legislation disappears.

3) 25% of Americans absolutely refuse to get fully vaccinated. They demand their right not to get vaccinated. OK. I don't agree with that attitude and consider it traitorous. But OK.

So now we need to apply that anti vax right to the right of women to chose an abortion.

First, If you are an anti-vaxxer then you need to shut up about abortions.

Second if you demand unwanted fetuses be allowed to be born as children, then you either agree to adopt one of those unwanted children or agree that the government tax first the Christian churches who put out that message and second all Americans be taxed to ensure these children are taken care of.

At judgment when Jesus is condemning people to hell they want to know “Lord when did we see you hungry, or thirsty, or a stranger, or in prison and did not take care of you?” Then Jesus will say, “Truly I say to you, to the extent that you did not do it to one of the least of you, you did not do it to me.” These will go to eternal punishment. Matthew 25: 44.

So if you believe in the teachings of Jesus, and you have been saved then you have no business supporting Donald Trump or his anti-Christian Republicans who spew hate for the radical left message of Jesus to “Love on another”.

As Elijah the Prophet challenged the false priests of Baal, and Jesus challenged the false Rabbis of Judaism, I Dr John WorldPeace JD am challenging the False Preachers of Corporate Christianity.

I am ready to debate any false preacher (they are all false per Hebrews 8: 10-12 in the New Testament and Jeremiah 31: 33-34 in the Old Testament that says God has put his laws in every human heart and mind and no one needs to teach anyone) with the admonition that they best read the 15,000 pages I have on the internet at JohnWorldPeace.com <https://johnworldpeace.com>

I am one man with one message. WorldPeace. And within that one message I am significantly advocating that if you are a Christian that you not support in any way Donald Trump or any Republican. They are anti-Christian and they are traitors to the United States Constitution in their demand that money rules politics not the Constitution. Republicans do not pledge allegiance to America but to the government that rich Americans can purchase through Republican politicians who vote “Money” not Jesus’ teaching to “Love one Another”, not the Constitution of all inclusive, truth and justice and that all

citizens are given equality and the right to life, liberty and the pursuit of happiness and not enslavement of the body or enslavement of one's personal economics and the absolute right to vote.

Let those who have eyes see. Let those who have ears hear.
